Summary

I am a Java Intern at VaultofCodes, a leading software development company that provides innovative solutions for various domains.

I have completed a two-month internship where I worked on developing and testing Java applications using agile methodologies and best practices. I have gained valuable experience in Java and C programming languages, as well as in debugging, testing, and documentation tools. I am currently pursuing my Bachelor of Technology in CSM (Computer Science in Artificial Intelligence and Machine Learning) from Siddhartha Institute of Science and Technology, Puttur, where I am learning the fundamentals and applications of AI and ML in various fields. I am passionate about exploring the possibilities and challenges of AI and ML, and I aspire to become a proficient developer and researcher in this domain. My core competencies include problem-solving, analytical thinking, teamwork, and communication. I am eager to learn new skills and technologies, and to contribute to the advancement of the software industry.
